

Project Title: Innovative Student-Centred Learning (SCL) Practices fueled with ITC-tools and university – industry cooperation towards reinforcement of Business & Engineering Entrepreneurships education – "InoLearn 4 BEEs"  
Grant Agreement: 2017-1-RO01-KA203-037145

## ANNOUNCEMENT for selection at

### Short-term joint staff training event

*"Stepping-up the right mixt of digital and entrepreneurial skills for teachers involved in Business, Engineering and Entrepreneurship (BEE) education"*

12<sup>th</sup> - 16<sup>th</sup> November 2018

Place: *The Agence Universitaire de la Francophonie (AUF), Bucharest, Romania*

The project - „*Innovative Student-Centred Learning (SCL) Practices fueled with ITC-tools and university – industry cooperation towards reinforcement of Business & Engineering Entrepreneurships education – "InoLearn 4 BEEs"*, code:2017-1-RO01-KA203-037145 organized through the ERASMUS+ programme will organise a short term teacher-training during the aforementioned period.

The training will be led by expert trainers in business and international university co-operation.

The training aims to:

- prepare and train teachers to become drivers of change in their institutional context, by making the learning process more directly relevant to the students.
- create an intercultural and international context fuelled with knowledge exchanges through digital personalized education needed to transform teachers' mind-set relevant for educational practices.

The benefits for teacher are:

- better familiarized with ITC-based tools in teaching and learning process
- more acquainted with the functionalities of the e-platform with digital knowledge resources
- eager to change the teacher-centred approach into student-centred learning
- more opened to embrace in the current activities new ITC-pedagogical practices

For higher education institutions involved the event represents a meaningful opportunity to develop and modernize courses and syllabus, for developing international collaboration via digital learning and expanding the use of ITC-based practices.

Each university partner has allocated 2 positions for this event, for teachers employed in the university.

Mobility: teachers selected to participate in the event have travel and subsistence costs cover by the ERASMUS+ program.
